

Cyclo Arc™

The Cyclo Arc™ offers a durable, economical cycle storage solution with a modular design. Available in multiple size options and configurations to support your capacity requirements, our Cyclo Arc™ features a sturdy galvanised and powder-coated steel frame and shock-proof PETg cladded roof. Optional side panels and gates complete the setup.

- ✓ Curved back design
- ✓ Shock-proof PETg roofing
- ✓ Solid steel framework
- ✓ Choice of galvanised finish or Dura-coat™ finish
- ✓ Side panel and gate options

Appearance

Steelwork is finished in galvanised only or Dura-coat™ colour finish to any RAL colour

(the cycle rack will remain in galvanised finish unless specified otherwise). The robust PETg cladded roof is clear.

Services

A&S Landscape recommend early consultation to consider all aspects of the installation of our Cyclo Arc™. We provide free quotations, technical information and drawing files (at design stage) to allow effortless incorporation into architects' drawings. Our service to you includes: - comprehensive site surveys, CAD Drawings and project management. Early technical involvement often improves design, aesthetics and cost.

BESPOKE PRODUCTS

Our ability to extensively customise our products ensures that we can meet any specialist requirements that you may have. Our flexible modular system often allows this to be done very economically whilst retaining all of our superior performance characteristics.
